PRIVATE SHOTS

As well as the content we publish, we also take commissions from private collectors who want their own custom content for personal use. These are mostly adult based shoots, but they come with the added security of them being unpublished & sometimes appeal to models who don't normally work to these levels. It is illegal to publish them under the revenge porn laws. Some may also be suitable to be shot anonymously, using masks, clothing & camera angles to obscure the model's face or visible tattoos.

Rates from £50 - £120/hour
